Please allocate our investment or pledge as follows:

■ **The Bridge Program/Minority Scholarship Fund**

Seeks to help member colleges and universities attract and maintain a diverse student body by providing a pool of funds for scholarships for minority students with financial need.

■ **Unrestricted Initiative, Innovation Fund**

Provides the unrestricted resources our member institutions need to attract world-class faculty, develop new curricula, provide financial aid, equip labs and libraries with cutting-edge technology and create innovative programs. Contributions to this fund are used by member colleges where the need is the greatest.

■ **Maryland Pooled Scholarship Fund**

Helps member institutions provide grants for basic and emergency financial needs—ensuring the benefits of an independent liberal arts education are available to all qualified young men and women for whom the cost of college would otherwise be out of reach.

■ **Leadership Scholarship Fund**

Offers scholarship grants to young men and women at each institution who have outstanding academic records and have demonstrated the capacity for leadership in our business and civic communities through their activities on campus.

■ **Community College Transfer Scholars Fund**

Students transferring from Maryland's 16 outstanding community colleges have an opportunity to continue their education and receive a 4 year degree. Businesses small and large can benefit from this partnership.

■ **Named Scholarships**

Provide creative ways businesses can tap into a statewide market of independent colleges and universities, their students and staff to achieve corporate objectives, while improving teaching and learning at I-Fund member institutions. A minimum investment is required—creating a scholarship at each school.

■ **National Security Scholars Program**

Gives students with an interest in serving our country the opportunity to explore a future in the national security field through an academic scholarship to support their studies, security clearance processing and a paid internship in the public or private sector.

■ **The Urban Scholars Program**

Engages financially needy minority students from Baltimore City in mapping the road to professional success through scholarships, paid internships, mentoring and skill-building workshops for four years plus networking for job placement.

■ **Health and Life Sciences Scholars Program**

Funds scholarship grants to students and creates linkages between the business and academic communities to provide internship opportunities focused on developing a highly educated and technologically savvy talent pool for Maryland's health and life sciences industries.
